

Merimbula Lake

- * Located at the heart of the Sapphire Coast.

- * Merimbula Lake is one of the most beautiful estuaries in NSW.

- * Recognised as an estuary of high conservation value.

- * Oysters have been farmed in Merimbula Lake since 1920's and the township has developed on the lake foreshore.

- * Large tidal exchanges of ocean waters keep the estuary in good condition allowing farmers to harvest oysters from the lake for direct sale.

- * Merimbula Lake supports 17 locally owned oyster businesses, that sustainably harvested over 365,000 dozen oysters last year, valued at over \$2.4 million.

- * Merimbula Lake Oyster Farmers are working to an estuary-wide EMS to help maintain clean lake waters, for the long-term sustainability of the oyster industry ... including the modernisation of growing techniques.
